1. All returnable IBC's supplied by Harcros will remain the property of Harcros at all times.
2. The use of Harcros IBC's are solely for the storage of the product sold by Harcros as identified on the product label. Blending, mixing, or manufacturing of chemicals will not be performed in Harcros owned IBC's. When attached to a process, the customer should use necessary precaution to prevent the backflow of product into the IBC.
3. Harcros owned IBC's are to remain at the original delivery location.
4. Harcros shall be notified at the time of return of any damage or operational issues concerning the IBC while in the customer's possession.
5. In following a Responsible Distribution and Stewardship Program, all Harcros IBC's are to be returned to Harcros within a 60-day period for inspection. This is to ensure that the integrity of the IBC complies with regulatory, safety, and traceability requirements.
6. Signature denotes acknowledgement of the Harcros Chemical Inc. Responsible Distribution and Stewardship Guidelines for Harcros Owned and Leased IBC's
